

# Total Webcasting Hybrid Meeting

A single-source solution for today's online world

## Remote participation

Remote presenters use video conferencing to join the conversation

## HD video

Optical zoom robotic cameras capture all the action

## Worldwide reach

Remote viewers see every presenter and have access to features such as Q&A, polling, and live subtitles—or they watch on demand later

## On-site service

Our technician runs the show using a Total Webcasting Mediacart portable production system
